A game I like to play with Number Bonds that really helps with mastering math facts is called Roll A Bond. All you need is one large dice and a whiteboard (or SmartBoard) with a blank number bond drawn on it. Put the number 10 in the middle circle, and tell the students that you are going to make a number bond that equals 10.

Math / Fluency--Mastering Math Facts

Mastering multiplication facts is such an important skill for 3rd grade students. As a former 4th grade teacher, I fully understand how crippling it can be for students who struggle with basic multiplication facts while trying to learn more challenging math concepts. If they can master the basics, all other math concepts are so much easier to learn.
