screens, that old, linear workflow began to show its limitations. Teams need to collaborate more; research, design, and development are more closely related than we once thought, and that old waterfall method kept them siloed. Thankfully, in these pages, Stephen shares his years of thinking about a more web-native, responsive design process.

Responsive Design Workflow: Mobilism 2012

In Responsive Design Workflow, Stephen Hay (@stephenhay) talks how we have to adapt our workflow as well as we adapt our experiences. The landscape has changed, but our workflows have not. We need to change that. Updating Photoshop documents for web designs is immensely inefficient, especially for responsive designs. Design from the content out.
