INSTRUCTIONS: Begin with a list set that is 2 or 3 grades below the student's grade level and have the student read aloud until the student makes three or more errors in a list, mark each word that the student misreads.

## **SAN DIEGO QUICK ASSESSMENT - Model Teaching**

The San Diego Quick Assessment The San Diego Quick Assessment (SDQA) is a very easy reading assessment you can give your student or child to determine his/her reading level. You simply show your child a list of ten words and ask him/her to read them. You start with a list you know your child can read fluently (or at the beginning if you are unsure).

## **List One List Two List Three List Four**

The San Diego Quick Assessment List is a very useful, quick way to determine a child's approximate instructional reading level. It is certainly not a substitute for giving an Individual Reading Inventory with its graded word lists and graded reading passages. However, if a reading teacher merely wants a very easy, quick estimation of a child's approximate instructional reading level, we have found it to be fairly useful for that purpose.
